## 4. First aid measures

### 4.1. Description of first aid measures

<b>General</b>	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
<b>Inhalation</b>	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.
<b>Eyes</b>	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.
<b>Skin</b>	Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.
<b>Ingestion</b>	If swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

### 4.2. Most important symptoms and effects, both acute and delayed

<b>Overview</b>	<p>This compound has not been tested in its present form and is not expected to pose a significant health hazard when normal industrial hygiene practices are followed. Information provided on physical and health effects of this product is based on individual components. All ingredients are bound in the compound matrix, and potential for hazardous exposure as shipped is minimal. However, some vapors may be released upon processing; therefore, necessary precautions (mechanical, ventilation, respiratory protection, etc.) to protect employees must be assessed. Health Hazards Based on Raw Materials: Contact with heated material may cause burns.</p> <p>Irritation: May cause eye, skin, respiratory and gastrointestinal irritation. Use NIOSH/MSHA approved respirator, following manufacturer's recommendations when concentrations exceed permissible exposure limits.

### Eyes

Protective safety glasses recommended.

### Skin

Long sleeved shirt and long pants.  
Impervious gloves are recommended.

### Engineering Controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

### Other Work Practices

Safety showers and eye wash stations should be provided in areas where this product is used. Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
